### Emissions reduction targets

In order to continue our progress to achieving Net Zero, we have adopted the following carbon reduction targets.

- Encourage environmentally friendly commuting to work (Cycling/walking)
- Work locally to reduce business travel
- Online and telephone meetings where face to face is not necessary
- Encourage online documentation

We project that carbon emissions will decrease over the next five years to 4 tCO<sub>2</sub>e by 2030. This is a reduction of 20%
